"Some of the key concepts discerned in the study," comments Jim Collins, "fly in the face of our modern business culture and will, quite frankly, upset some people."

Reading guide for Good To Great by Jim Collins

The Great Conversation, established in 2004, is a book discussion group dedicated to reading the great works of Western civilization. The name and original inspiration of the group is Britannica Great Books of the Western World, edited by Mortimer Adler and Robert Hutchins of the University of Chicago. Adler and Hutchins believed the great books could be viewed as a dialog, a conversation, taking place over the centuries and millenia.

STUDY GUIDE of THE GREAT DIVORCE - The Kilns

The good-to-great executives were all cut from the same cloth. It didn't matter whether the company was consumer or industrial, in crisis or steady state, offered services or products. It didn't matter when the transition took place or how big the company. All the good-to-great companies had Level 5 leadership at the time of transition.

Good to Great - Gary E. Tomlinson

That's a good thing! The questions are there simply as a guide. While you will want to get through at least three or four questions, it will be rare that you finish all ten. Respect people's time by wrapping up the discussion when the meeting time is over rather than pushing on until you finish everything you planned.

Leading a Book Club Discussion Session - ThoughtCo

In Chapter 1 of The Great Gatsby, how does F. Scott Fitzgerald describe East Egg and West Egg as symbols of old money versus new money?. From the moment he introduces readers to East Egg and West Egg, F. Scott Fitzgerald uses the descriptions of the area, the homes, and even the people to set up the class theme that comes into play in the novel.

The Challenge Built to Last, the defining management study of the nineties, showed how great companies triumph over time and how long-term sustained performance can be engineered into the DNA of an enterprise from the verybeginning. But what about the company that is not born with great DNA? How can good companies, mediocre companies, even bad companies achieve enduring greatness? The Study For years, this question preyed on the mind of Jim Collins. Are there companies that defy gravity and convert long-term mediocrity or worse into long-term superiority? And if so, what are the universal distinguishing characteristics that cause a company to go from good to great? The Standards Using tough benchmarks, Collins and his research team identified a set of elite companies that made the leap to great results and sustained those results for at least fifteen years. How great? After the leap, the good-to-great companies generated cumulative stock returns that beat the general stock market by an average of seven times in fifteen years, better than twice the results delivered by a composite index of the world's greatest companies, including Coca-Cola, Intel, General Electric, and Merck. The Comparisons The research team contrasted the good-to-great companies with a carefully selected set of comparison companies that failed to make the leap from good to great. What was different? Why did one set of companies become truly great performers while the other set remained only good? Over five years, the team analyzed the histories of all twenty-eight companies in the study. After sifting through mountains of data and thousands of pages of interviews, Collins and his crew discovered the key determinants of greatness -- why some companies make the leap and others don't. The Findings The findings of the Good to Great study will surprise many readers and shed light on virtually every area of management strategy and practice. The findings include: Level 5 Leaders: The research team was shocked to discover the type of leadership required to achieve greatness. The Hedgehog Concept (Simplicity within the Three Circles): To go from good to great requires transcending the curse of competence. A Culture of Discipline: When you combine a culture of discipline with an ethic of entrepreneurship, you get the magical alchemy of great results. Technology Accelerators: Good-to-great companies think differently about the role of technology. The Flywheel and the Doom Loop: Those who launch radical change programs and wrenching restructurings will almost certainly fail to make the leap. "Some of the key concepts discerned in the study," comments Jim Collins, "fly in the face of our modern business culture and will, quite frankly, upset some people." Perhaps, but who can afford to ignore these findings?

Developing your learning skills is one of the best investments you can make. We all need to be lifelong learners now. Whether you are an experienced student or just starting out this book will stimulate, guide and support you. It will make you think about yourself and how your mind learns. And it will change forever the way that you study.Topics include:- motivating yourself and managing your time- taking full advantage of your computer- reading with concentration and understanding- developing flexible note-taking strategies- getting the most from seminars and workshops- making presentations- researching online- handling numbers and charts with confidence- writing clear, well argued assignments- doing yourself justice in exams.For more information, go to www.goodstudyguide.co.uk

Darius Kellner speaks better Klingon than Farsi, and he knows more about Hobbit social cues than Persian ones. He's a Fractional Persian-half, his mom's side-and his first-ever trip to Iran is about to change his life. Darius has never really fit in at home, and he's sure things are going to be the same in Iran. His clinical depression doesn't exactly help matters, and trying to explain his medication to his grandparents only makes things harder. Then Darius meets Sohrab, the boy next door, and everything changes. Soon, they're spending their days together, playing soccer, eating faludeh, and talking for hours on a secret rooftop overlooking the city's skyline. Sohrab calls him Darioush-the original Persian version of his name-and Darius has never felt more like himself than he does now that he's Darioush to Sohrab.

No matter where you are in life, you are not yet all you can be . . . At some point, virtually everyone finds themselves struggling to find their way in life. Perhaps you're just starting out and haven't yet found your personal or professional path. Maybe you've been plugging away for years, trying to live someone else's dream. Maybe you're outwardly successful but plagued by a nagging, soul-level sense of dissatisfaction. Carly Fiorina, who started as a secretary and later became the first female CEO of a Fortune 50 company, can help. Drawing on her own remarkable journey, Carly will show you how to choose a path over a plan, use problems to propel yourself and your organization forward, overcome fear and procrastination, make smart decisions, and reclaim your power and use it for good. Carly Fiorina believes beyond a shadow of a doubt that your potential can be unleashed. In the Find Your Way Discussion Guide, she will show you the path to getting there.

#1 New York Times Bestseller "THIS. This is the right book for right now. Yes, learning requires focus. But, unlearning and relearning requires much more—it requires choosing courage over comfort. In Think Again, Adam Grant weaves together research and storytelling to help us build the intellectual and emotional muscle we need to stay curious enough about the world to actually change it. I've never felt so hopeful about what I don't know." —Brené Brown, Ph.D., #1 New York Times bestselling author of Dare to Lead The bestselling author of Give and Take and Originals examines the critical art of rethinking: learning to question your opinions and open other people's minds, which can position you for excellence at work and wisdom in life Intelligence is usually seen as the ability to think and learn, but in a rapidly changing world, there's another set of cognitive skills that might matter more: the ability to rethink and unlearn. In our daily lives, too many of us favor the comfort of conviction over the discomfort of doubt. We listen to opinions that make us feel good, instead of ideas that make us think hard. We see disagreement as a threat to our egos, rather than an opportunity to learn. We surround ourselves with people who agree with our conclusions, when we should be gravitating toward those who challenge our thought process. The result is that our beliefs get brittle long before our bones. We think too much like preachers defending our sacred beliefs, prosecutors proving the other side wrong, and politicians campaigning for approval--and too little like scientists searching for truth. Intelligence is no cure, and it can even be a curse: being good at thinking can make us worse at rethinking. The brighter we are, the blinder to our own limitations we can become. Organizational psychologist Adam Grant is an expert on opening other people's minds--and our own. As Wharton's top-rated professor and the bestselling author of Originals and Give and Take, he makes it one of his guiding principles to argue like he's right but listen like he's wrong. With bold ideas and rigorous evidence, he investigates how we can embrace the joy of being wrong, bring nuance to charged conversations, and build schools, workplaces, and communities of lifelong learners. You'll learn how an international debate champion wins arguments, a Black musician persuades white supremacists to abandon hate, a vaccine whisperer convinces concerned parents to immunize their children, and Adam has coaxed Yankees fans to root for the Red Sox. Think Again reveals that we don't have to believe everything we think or internalize everything we feel. It's an invitation to let go of views that are no longer serving us well and prize mental flexibility over foolish consistency. If knowledge is power, knowing what we don't know is wisdom.

If you want to keep your group Bible study in focus...If you wish to add depth to your personal study of scripture...If you want to spark interest in the class you teach...If you are a pastor or lay leader seeking deeper insights or if you simply desire a greater understanding of God's word...this valuable digital resource is for you! Including these helpful features: • Group guidelines for greater effectiveness in your Bible study discussion group • A study schedule for each book of the Bible • Prayers and promises from the Scriptures to pray and believe as you study the Bible, as a group or on your own • A thorough, topical index, for personal and group Bible study by topics

#1 NEW YORK TIMES BESTSELLER • With richly layered characters and a gripping moral dilemma that will lead readers to question everything they know about privilege, power, and race, Small Great Things is the stunning new page-turner from Jodi Picoult. SOON TO BE A MAJOR MOTION PICTURE "[Picoult] offers a thought-provoking examination of racism in America today, both overt and subtle. Her many readers will find much to discuss in the pages of this topical, moving book." —Booklist (starred review) Ruth Jefferson is a labor and delivery nurse at a Connecticut hospital with more than twenty years' experience. During her shift, Ruth begins a routine checkup on a newborn, only to be told a few minutes later that she's been reassigned to another patient. The parents are white supremacists and don't want Ruth, who is African American, to touch their child. The hospital complies with their request, but the next day, the baby goes into cardiac distress while Ruth is alone in the nursery. Does she obey orders or does she intervene? Ruth hesitates before performing CPR and, as a result, is charged with a serious crime. Kennedy McQuarrie, a white public defender, takes her case but gives unexpected advice: Kennedy insists that mentioning race in the courtroom is not a winning strategy. Conflicted by Kennedy's counsel, Ruth tries to keep life as normal as possible for her family—especially her teenage son—as the case becomes a media sensation. As the trial moves forward, Ruth and Kennedy must gain each other's trust, and come to see that what they've been taught their whole lives about others—and themselves—might be wrong. With incredible empathy, intelligence, and candor, Jodi Picoult tackles race, privilege, prejudice, justice, and compassion—and doesn't offer easy answers. Small Great Things is a remarkable achievement from a writer at the top of her game. Praise for Small Great Things "Small Great Things is the most important novel Jodi Picoult has ever written. . . . It will challenge her readers . . . [and] expand our cultural conversation about race and prejudice."—The Washington Post "A novel that puts its finger on the very pulse of the nation that we live in today . . . a fantastic read from beginning to end, as can always be expected from Picoult, this novel maintains a steady, page-turning pace that makes it hard for readers to put down."—San Francisco Book Review

"A joyous, exuberantly fun-filled novel of second chances. An absolute delight from start to finish!" —Sarah Haywood, New York Times bestselling author "Bracing, hilarious, warm, this novel is as wayward and mad as the human heart." —Judy Blundell, New York Times bestselling author A hilarious and heartfelt debut novel following three generations of a boisterous family whose simmering tensions boil over when a home aide enters the picture, becoming the calamitous force that will either undo or remake this family—perfect for fans of Where'd You Go, Bernadette and Evvie Drake Starts Over. When Kevin Gogarty's irrepressible eighty-three-year-old mother, Millie, is caught shoplifting yet again, he has no choice but to hire a caretaker to keep an eye on her. Kevin, recently unemployed, is already at his wits' end tending to a full house while his wife travels to exotic locales for work, leaving him solo with his sulky, misbehaved teenaged daughter, Aideen, whose troubles escalate when she befriends the campus rebel at her new boarding school. Into the Gogarty fray steps Sylvia, Millie's upbeat home aide, who appears at first to be their saving grace—until she catapults the Gogarty clan into their greatest crisis yet. With charm, humor, and pathos to spare, Good Eggs is a delightful study in self-determination; the notion that it's never too late to start living; and the unique redemption that family, despite its maddening flaws, can offer.

A shockingly powerful exploration of the lasting impact of prejudice and the indomitable spirit of sisterhood that will have readers questioning what it truly means to be an ally, from sister-writer duo Maika Moulite and Maritza Moulite, authors of Dear Haiti, Love Elaine. ISN'T BEING HUMAN ENOUGH? When teen social activist and history buff Kezi Smith is killed under mysterious circumstances after attending a social justice rally, her devastated sister Happi and their family are left reeling in the aftermath. As Kezi becomes another immortalized victim in the fight against police brutality, Happi begins to question the idealized way her sister is remembered. Perfect. Angelic. One of the good ones. Even as the phrase rings wrong in her mind—why are only certain people deemed worthy to be missed?—Happi and her sister Genny embark on a journey to honor Kezi in their own way, using an heirloom copy of The Negro Motorist Green Book as their guide. But there's a twist to Kezi's story that no one could've ever expected—one that will change everything all over again. Praise for the Moulites' debut novel, Dear Haiti, Love Elaine "I couldn't put Dear Haiti, Love Elaine down!" —New York Times bestselling author Jasmine Guillory "An enchanting and engrossing novel full of wit and laughter." —Edwidge Danticat, author of Breath, Eyes, Memory "Remarkable, funny, and whip-smart." —Ibi Zoboi, author of American Street, National Book Award finalist "Maika and Maritza Moulite have created quite the masterpiece." —NPR.org "Alaine's sarcastic quips...are worth the price of admission alone." —HYPEBAE "A beautiful story from start to finish." —Buzzfeed
