Amazon.com: aghora

The Aghori (Sanskrit aghora) are a small group of ascetic Shaiva sadhus. They engage in post-mortem rituals. They often dwell in charnel grounds, smear cremation ashes on their bodies, and use bones from human corpses for crafting kapalas (skull cups which Shiva and other Hindu deities are often iconically depicted holding or using) and jewellery. Their practices are sometimes considered ...

Book 2 of the trilogy explores the kundalini, the force of forces. Tantra, mantra, the sacred fire, chakras and consciousness. Written in the personable form of Vimalananda's storytelling and recounting of life's episodes we are able to truly enter the invisible realms.

The Aghora trilogy have been embraced world-wide for their frankness in broaching subjects generally avoided and their facility for making the 'unseen' real. We enter the world of Vimalananda who teaches by story and living example.

"More than four decades have passed since I met the Aghori Vimalananda, and it has been thirty-three years since I last heard him speak. Happily for me he permitted me to write down many of his musings so that I would have them to remind me of the wisdom that he embodied. And, thanks to his compassion for others, he instructed me to publish some of this material after he was gone, which I did in the three Aghora books, books that I continue to regularly read and that continue to offer me thought-provoking guidance at any step along my own path. An aghori is someone who

plunges so deep into darkness that he emerges into light. Aghora is a spiritual path that because of its extreme heterodoxy has been;ough I cannot myself claim to be an aghori, the example that he thus set has inspired my own sophomoric attempts to transmute into equanimity all that is both gratifying and grotesque in life, focusing on the subtle world while living in mundane reality, for Vimalananda always emphasized the importance of living with reality." Dr. Robert E. Svoboda

The sages of ancient India developed the astrological practice of Jyotisha as a karma-measuring apparatus to indicate where your karmas will permit ideals to be shared between you and those with whom you relate.

Jyotisha can help restructure relationship dynamics by providing perspectives on when and how your relationships and their difficulties are likely to arise and dissipate. *Light on Relationships* is currently the only book that makes relationship analysis accessible to the modern

student of Indian astrology. If you want to learn how to use this system for chart comparison, this book gives you the complete details. The authors cover the techniques of synastry and explore all the facets of what makes a relationship work--or not--including personal karma and goals, family influences, the Ayurvedic constitution or dosha of each individual, and how these elements are revealed. In an entertaining and informative way, the authors explain how the individual chart will reveal your inborn ability to relate. They explain the traditional ten Porutthams,

which evaluate a couple's sukha (external and internal happiness), and explore superstitious concepts, such as Vishna Kanya (literally, "poison maiden"), or Kuja Dosh ("The Blemish of Mars"). Included are details on determining the most auspicious times for a wedding. This approach to synastry has been developed over years of experimentation. The authors blend the principles of synastry with other techniques culled from Jyotisha's classical canon. Some of the less conventional techniques presented come from ancient oral traditions never before

incorporated into the classical works. Other methods come from the authors' mentors; and some have been developed from processes validated over many years of their experience. The authors build on some of the best principles of the astrological traditions of both West and East, hoping to bring the two camps closer together.

The telling of mythic stories has always been a powerful form of therapy, bringing healing to people facing adversity. The greatness of Saturn is such a therapeutic myth, told and
