At the Sign of Triumph: David Weber's New York Times-bestselling Safehold series begun with Off Armageddon Reef, By Schism Rent Asunder, By Heresies Distressed, A Mighty Fortress and How Firm a Foundation. The Church of God Awaiting's triumph over Charis was inevitable. Despite its prosperity, the Charis was a single, small island realm. It boasted less than two percent of the total population of Safehold. How could it possibly resist total destruction? The Church had every reason to be confident of a swift, crushing victory, an object lesson to other rebels. But Charis had something far more powerful than simple numbers. It had a king, a crown prince, and a navy prepared to die where they stood in its defense. It had the Brethren of Saint Zherneau, who knew the truth about Safehold's founding. Who knew that the Church of God Awaiting was a monstrous lie. And it had Merlin Athrawes, last survivor of long-vanished Earth. Merlin, the cybernetic avatar of a woman dead over a thousand years, who was determined to break the Church's grip upon the human mind and soul. So after eight years of war, it is not Charis but the Church that stands upon the brink of defeat. But the Church still commands immense resources, and — faced with the unthinkable — it's decided that it, too, must embrace the forbidden technology which has carried Charis so far. In the end, it is simple, for only one can survive. The lines are drawn, the navies and armies have been raised, and all of Safehold is poised for the final battle between those who believe in freedom and those who would crush it forever. Humanity pushed its way to the stars - and encountered the Gbaba, a ruthless alien race that nearly wiped us out. Earth and her colonies are now smoldering ruins, and the few survivors have fled to distant, Earth-like Safehold, to try to rebuild. But the Gbaba can detect the emissions of an industrial civilization, so the human rulers of Safehold have taken extraordinary measures: with mind control and hidden high technology, they've built a religion in which every Safeholdian believes, a religion designed to keep Safehold society medieval forever. 800 years pass. In a hidden chamber on Safehold, an android from the far human past awakens. This "rebirth" was set in motion centuries before, by a faction that opposed shackling humanity with a concocted religion. Via automated recordings, "Nimue" - or, rather, the android with the memories of Lieutenant Commander Nimue Alban - is told her fate: she will emerge into Safeholdian society, suitably disguised, and begin the process of provoking the technological progress which the Church of God Awaiting has worked for centuries to prevent. Nothing about this will be easy. To better deal with a medieval society, "Nimue" takes a new gender and a new name, "Merlin." His formidable powers and access to caches of hidden high technology will need to be carefully concealed. And he'll need to find a base of operations, a Safeholdian country that's just a little more freewheeling, a little less orthodox, a little more open to the new. And thus Merlin comes to Charis, a mid-sized kingdom with a talent for naval warfare. He plans to make the acquaintance of King Haarahld and Crown Prince Cayleb, and maybe, just maybe, kick off a new era of invention. Which is bound to draw the attention of the Church...and, inevitably, lead to war. It's going to be a long, long process. And David Weber's epic Off Armageddon Reef is can't-miss sci-fi. Safehold Series 1. Off Armageddon Reef 2. By Schism Rent Asunder 3. By Heresies Distressed 4.

Finding unexpected love and purpose in a marriage of state to King Cayleb that united their kingdoms against a corrupt Church, Empress Sharleyan finds her efforts compromised by secrets that her husband has reluctantly kept and a fabricated religion that has oppressed humanity for centuries.

INTRODUCING HONOR HARRINGTON Having made him look a fool, she's been exiled to Basilisk Station in disgrace and set up for ruin by a superior who hates her. Her demoralized crew blames her for their ship's humiliating posting to an out-of-the-way picket station. The aborigines of the system's only habitable planet are smoking homicide-inducing hallucinogens. Parliament isn't sure it wants to keep the place; the major local industry is smuggling; the merchant cartels want her head; the star-conquering, so-called "Republic" of Haven is Up To Something; and Honor Harrington has a single, over-age light cruiser with an armament that doesn't work to police the entire star system. But the people out to get her have made one mistake. They've made her mad. At the publisher's request, this title is sold without DRM (Digital Rights Management).

Now with new content! RIGHT WOMAN, WRONG PLACE It's hard to give peace a chance when the other side regards war as the necessary prelude to conquest, and a sneak attack as the best means to that end. That's why the Kingdom of Manticore needs allies against the so-called "Republic" of Haven--and the planet Grayson is just the right strategic place to make a very good ally indeed. But Her Majesty's Foreign Office had overlooked a "minor cultural difference" when they chose Honor Harrington to carry the flag: women on the planet Grayson are without rank or rights; Honor's very presence is an intolerable affront to every male on the planet. At first Honor doesn't take it personally; where she comes from gender discrimination is barely a historical memory, right up there in significance to fear of the left-handed. But in time such treatment as she receives from the Graysonites does become wearing, and Honor would withdraw if she could--but then Grayson's fratricidal sister planet attacks without warning and she must stay and prevail, not just for Honor's honor, but for her sovereign's, for--THE HONOR OF THE QUEEN. The sequel to the New York Times best seller Off Armageddon Reef The world has changed. The mercantile kingdom of Charis has prevailed over the alliance designed to exterminate it. Armed with better sailing vessels, better guns and better devices of all sorts, Charis faced the combined navies of the rest of the world at Darcos Sound and Armageddon Reef, and broke them. Despite the implacable hostility of the Church of God Awaiting, Charis still stands, still free, still tolerant, still an island of innovation in a world in which the Church has worked for centuries to keep humanity locked at a medieval level of existence. But the powerful men who run the Church aren't going to take their defeat lying down. Charis may control the world's seas, but it barely has an army worthy of the name. And as King Cayleb knows, far too much of the kingdom's recent good fortune is due to the secret manipulations of the being that calls himself Merlin-a being that, the world must not find out too soon, is more than human. A being on whose shoulders rests the last chance for humanity's freedom. Now, as Charis and its archbishop make the rift with Mother Church explicit, the storm gathers.
