This course is hour 4 of a 4-hour series of ...

Hauptbeschreibung Hinweis: Dieses E-Book ist nicht mit interaktiven Elementen (aktives Inhaltsverzeichnis, Querverweise) ausgestattet! Wir bieten Ihnen das PDF daher zu einem günstigeren Preis an. Der 'Certified Professional for Requirements Engineering' hat sich als international standardisiertes Aus- und Weiterbildungsprogramm etabliert. Dieses Lehrbuch ist das erste für die Zertifizierung zum Foundation Level, geschrieben von Mitgliedern des International Requirements Engineering Board (IREB), die den Lehrplan mit entwickelt haben. Es umfasst Grundlagenwissen in den Gebieten.

Requirements engineering tasks have become increasingly complex. In order to ensure a high level of knowledge and competency among requirements engineers, the International Requirements Engineering Board (IREB) developed a standardized qualification called the Certified Professional for Requirements Engineering (CPRE). The certification defines the practical skills of a requirements engineer on various training levels. This book is designed for self-study and covers the curriculum for the Certified Professional for Requirements Engineering Foundation Level exam as defined by the IREB. The 2nd edition has been thoroughly revised and is aligned with the curriculum Version 2.2 of the IREB. In addition, some minor corrections to the 1st edition have been included. About IREB: The mission of the IREB is to contribute to the standardization of further education in the fields of business analysis and requirements engineering by providing syllabi and examinations, thereby achieving a higher level of applied requirements engineering. The IRE Board is comprised of a balanced mix of independent, internationally recognized experts in the fields of economy, consulting, research, and science. The IREB is a non-profit corporation. For more information visit [www.certified-re.com](http://www.certified-re.com).

Requirements Engineering (RE) ist eine Schlüsseldisziplin der Systementwicklung und entscheidet maßgeblich über den Erfolg oder Misserfolg eines Projekts. Fachleute, die in diesem Bereich tätig sind, sollten über ein gesichertes RE-Grundlagenwissen verfügen - so wie es im Lehrplan des "Certified Professional for Requirements Engineering" (CPRE) festgelegt ist. Entwickelt und eingeführt wurde das CPRE-Zertifikat vom "International Requirements Engineering Board" (IREB e.V.). Der IREB e.V. setzt sich für die Verbesserung der Requirements-Engineering-Praxis sowie für eine qualitätsgesichert.
