Historically, the Bernina line has proudly used an oscillating hook system known as the CB Hook. In an oscillating hook system, the hook is set to the left of the needle and moves from left to right behind the needle picking up the thread loop. It draws the upper thread around the bobbin case containing the bobbin wrapping the upper thread around the lower thread.

Bernina Activa 130/140 info. The Bernina 130 & 140 were introduced in 1998. There ' s not a ton of info online anymore, so here ' s a bit for anyone who might see a deal on one. It ' s not a machine I would ' ve gone for on paper — not as many stitches or features as my previous machine — but I love the adjustable presser foot pressure, the straightforward
