one of the worst pandemics in Europe ' s history. It decimated the population, killing roughly half of all people living. After the ravages of the plague were finished, however, medieval peasants found their lives and working conditions improved. One of the most famous pandemics in Europe ' s history raged across the continent and around the world from 1347-51.

## How the Black Death Improved the Lives of Medieval Peasants

The Black Death (1348 - 1350) had killed many people which meant there was a shortage of workers and wages went up. Historians have identified a number of factors which caused the Peasants' Revolt:...

faith in the feudal system: God had struck down people of all classes with the pestilence.

The Black Death - Historic UK  
The Black Death had caused a shortage of labour and over the next 100 years many peasants found that they could earn more (by their standards) as the lords needed a harvest in and the only people who could do it were the peasants. They asked for more money and the lords had to give it.

Peasants Revolt - History Learning Site

The Black Death and Peasants' Revolt In the mid-14th century, the catastrophic plague known as the Black Death hit Europe, and swept through the continent

rapidly. It would eventually kill between a third and half of the population. These huge death tolls sparked off a chain of events that would redefine the position of the peasant in England.

Peasants and their role in rural life  
- The British Library

The Peasants' Revolt, also named Wat Tyler's Rebellion or the Great Rising, was a major uprising across large parts of England in 1381. The revolt had various causes, including the socio-economic and political tensions generated by the Black Death pandemic in the 1340s, the high taxes resulting from the conflict with France during the Hundred Years' War , and instability within the local leadership of London.

two to five days of being infected.

## History

The Economic Consequences of the Black Death

The peasants who survived the Black Death (1348-1350) believed that there was something special about them – almost as if God had protected them. Therefore, they took the opportunity offered by the disease to improve their lifestyle. Feudal law stated that peasants could only leave their village if they had their lord 's permission.
