B. Guy Peters University of Pittsburgh. The terms bureaucracy and democracy are usually thought of, both in the academic and the popular literature, as antithetical approaches to providing governance for a society (see Etzioni- Halevey, 1983). On the one hand public bureaucracies are typically conceptualized as necessary for the effective administration of public programs, but as being legalistic and largely indifferent to the wishes and demands of individual citizens.

Bureaucracy and Democracy

In Bureaucracy, the bureaucrats are elected through established procedures. In Democracy, the leaders are elected by the people of the country or state through free and fair elections. In Bureaucracy, the bureaucrats are not considered as public representatives. In Democracy, leaders are public representatives.
