In this major scholarly study of the life of Joseph A. Schumpeter, one of the great intellectual figures of the twentieth century, the distinguished economist Wolfgang Stolper delves into the mind of his former teacher, exploring the development of his ideas and, especially, their influence on politics and public policy. After reflecting briefly on Schumpeter the man, Stolper explains the evolution of Schumpeter's work, particularly his insights

during the 1920s on public finance, his contributions to monetary theory and the study of business cycles, and his writings on socialism. Stolper goes on to describe and evaluate Schumpeter's public activities following World War I and his role as a finance minister, placing the development of his thought in the turbulence political context of his times. Drawing on a vast array of new and exciting sources, Stolper paints a portrait of his mentor as a decent, ambitious, and complex man whose many insights into economy and society found their way

The people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Although Latin America weathered the Great Depression better than the United States and Europe, the global economic collapse of the 1930s had a deep and lasting impact on the region. The contributors to this book examine the consequences of the Depression in terms of the role of the state, party-political competition, and the formation of working-

Class and other social and political movements. Going beyond economic history, they chart the repercussions and policy responses in different countries while noting common cross-regional trends--in particular, a mounting critique of economic orthodoxy and greater state intervention in the economic, social, and cultural spheres, both trends crucial to the region's subsequent development. The book also examines how regional transformations interacted with and differed from global processes. Taken together, these essays deepen our understanding of
