Protesters invited Bachelet to visit Maracaibo, a city that has collapsed under constant blackouts, fuel shortages and problems with security and health services. One of the chants during the protests included "Maduro is Pinochet", referring to Chilean dictator Augusto Pinochet, who jailed and tortured Bachelet and members of her family, killing her father. The first study in the West of Russia's would-be dictator, who rose to international prominence in Russia's 1993 election, discusses his origins, his politics, his connection to the KGB, and the political situation that makes him a savior to many.

In this splendid profile, Canfora offers a radically new interpretation of one of the most controversial figures in history. The result of a comprehensive study of the ancient sources, "Julius Caesar" paints an astonishingly detailed portrait of this complex man and the times in which he lived.

An innocent boy, raised in the tragic world of Haiti under the Duvaliers, becomes mixed up in an incident involving the hated secret police at a Port-au-Prince bar and seeks revenge in a worldly young woman's house. Original. IP.

Throughout history cities have been at the center of warfare, from sieges to street-fighting, from peace-keeping to coups de mains. Sun Tzu admonished his readers of *The Art of War* that the lowest realization of warfare was to attack a fortified city. Indeed, although strategists have advised against it across the millennia, armies and generals have been forced nonetheless to attack and defend cities, and victory has required that they do it well. In *Concrete Hell* Louis DiMarco has provided a masterful study of the brutal realities of urban warfare, of what it means to seize and hold a city literally block by block. Such a study could not be more timely. We live in an

Bookmark File PDF City Of Dictator Warfare Of Duty Galician Edition

increasingly urbanizing world, a military unprepared for urban operations is unprepared for tomorrow. Di Marco masterfully studies the successes and failures of past battles in order to provide lessons for today's tacticians.

Introduces dictatorships, discussing the social, political, economic, religious, and cultural effects, and examining the efforts of various nations to move beyond dictatorships.

This thorough critical study of Chaplin's films traces his acting career chronologically, from his initial appearance in 1914's *Making a Living* to his final starring role in 1957's *A King in New York*. Emphasizing Chaplin's technique and the steady evolution of his Tramp character, the author frames the biographical details of Chaplin's life within the context of his acting and filmmaking career, giving special attention to the films Chaplin directed/produced.

This study explores the genesis of the civil war in Somalia by analysing the defeat of Somalia in the 1977 Ogaden war, asserting that this defeat, which was prompted by the intervention of the USSR, was a turning point which unleashed long term socio-political forces that led to the collapse of the central government of the country. Muuse Yuusuf analyses the history of the Somali civil war, from 1977 to the present, and the role played by various actors in the conflict such as local clans, warlords and foreign

Bookmark File PDF City Of Dictator Warfare Of Duty Galician Edition

powers, and examines the present day by-products of the war, such as religious extremism. Crucially, Yuusuf looks beyond the mainstream explanation for the conflict - that of rival clans fighting over resources. By recognising the impact of foreign military interventions in Somalia, from superpower rivalry during the cold war to the war-on-terror, on the initiation and perpetuation of the Somali conflict, the book attempts to identify foreign military intervention as a new paradigm in the discourse around it.

"If Sulla could, why can't I?" - Pompey the Great

When the topic of Roman dictators during the 1st century BCE comes up, one name instantly springs to mind. In 49 BCE, the "die was cast" as Julius Caesar crossed the Rubicon at the head of the 13th Legion and ushered in a civil war that permanently destroyed the Roman Republic, leaving a line of emperors in its place. Caesar's legacy is so strong that his name has become, in many languages, synonymous with power: the emperors of Austria and Germany bore the title Kaiser, and the czars of Russia also owe the etymology of their title to Caesar. His name also crept further eastward out of Europe, even cropping up in Hindi and Urdu, where the term for "emperor" is Kaisar. However, it's quite possible that none of what Caesar did would've happened without the template for such actions being set by Lucius Cornelius Sulla 40 years earlier. At the time, when Caesar was in his teens, war was being waged both on the Italian peninsula and abroad, with domestic politics pitting the conservative, aristocratic optimates against the

populist, reformist populares, and this tension ultimately escalated into an all-out war. One of the leading populares was his Caesar's uncle, Gaius Marius, a military visionary who had restructured the legions and extended the privileges of land ownership and citizenship to legionaries on condition of successful completion of a fixed term of service. In the late 2nd century BCE, Marius had waged a successful campaign against several Germanic tribes, and after earning eternal fame in the Eternal City, Marius was appointed a consul several times, but in 88 BCE he entered into conflict with his erstwhile protégé, the optimate Sulla, over command of the army to be dispatched against Mithridates of Pontus, a long-time enemy of Rome and its Greek allies. Ironically, Marius's reforms had made the legions fiercely loyal to their individual generals rather than the state, which allowed Sulla to march his army against Rome and force Marius into exile. With that, Rome's first civil war was officially underway, but Sulla's triumph proved short-lived, however. Just as Sulla departed for a campaign, Marius returned at the head of a scratch army of veterans and mercenaries, taking over the city and purging it of Sulla's optimate supporters, and though Marius died in 86 BCE, his party remained in power. Upon his successful return to Rome, Sulla proclaimed himself Dictator, an all-powerful legislative authority which normally could be only vested in times of extraordinary crisis and never for more than a period of six months. Sulla's supporters went on a rampage across Rome, and some of them disinterred Marius's body and dismembered it before throwing the pieces into the Tiber River. Of course, the purge included the murder

of Marius's most prominent supporters as well, all in an effort to allow Sulla to proclaim himself Dictator for life. In the process, Caesar was a natural target and went into exile, putting him on the path to one of history's most legendary military careers. Sulla had become renowned in Rome as a general during the Jugurthine, Social, and Mithridatic Wars, but naturally he is now remembered for the gruesome acts committed during his tenure as Rome's first lifelong dictator. Sulla's unprecedented period of one-man rule is viewed by many historians as a means of re-establishing peace and order in Roman politics while safeguarding the Republican system from abuse by powerful individuals. In other words, with no small amount of irony, Sulla justified assuming sole power temporarily to prevent others from doing so in the future. However, there are also those who believe that Sulla was just another ambitious politician who wanted to seize power for himself.

In the early 1930s, the Motor City was sputtering from the Great Depression. Then came a talented Detroit Tigers team, steered by player-manager Mickey Cochrane, to inject new pride into the Detroit psyche. It was a cast of colorful characters, with such nicknames as Schoolboy, Goose, Hammerin' Hank and Little Tommy. Over two seasons in 1934 and 1935, the team powered its way to the top of the baseball world, becoming a symbol of a resurgent metropolis and winning the first-ever Tigers championship. This exhaustively researched account provides an in-depth look into a remarkable period in baseball history.
