Skills training Increasingly, many OH and HR practitioners are choosing to learn counselling skills. This can help them better engage with employees with problems, develop skills in empathy, demonstrate a more open and transparent manner, and build a closer trusting relationship with the staff member.

*How workplace counselling helps employees and employers*

In counselling, the boundaries are made explicit in the contracting stage of the relationship, and are mutually agreed and understood by both therapist and client. The boundaries create clarity for both parties around expectations, and a safe frame for the work of therapy. Free Download: Boundaries in Counselling
