It highlights, in particular, the interrelated challenges of cultural diversity and intercultural dialogue and the way in which strong homogenizing forces are matched by persistent diversifying trends. The report proposes a series of ten policy-oriented recommendations, to the attention of States, intergovernmental and non-governmental organizations, international and regional bodies, national institutions and the private sector on how to invest in cultural diversity. Emphasizing the importance of cultural diversity in different areas (languages, education, communication and new media development, and creativity and the marketplace) based on data and examples collected from around the world, the report is also intended for the general public. It proposes a coherent vision of cultural diversity and clarifies how, far from being a threat, it can become beneficial to the action of the international community.

This book is not an impersonal academic treatise on social justice activism but instead the author's description of what social justice activism has looked like through the prism of his eyes. The methods of the book are straightforward, using historical, current and personal data--all of which were inextricably entwined. The text focuses on the truth that bigotry is perpetuated by countless white, black and brown people. More important than academic debates about bigotry, the book is about negating or preventing

bigotry. The author reviews historical incidents and also tells portions of his own life stories. His goal is to help readers know his perceptions of bigotry and then compare and contrast his perceptions with their own. The text is organized in major topics: Beginnings of Bigotry; Creation of a Nation; Migrants, Immigrants and Slaves; Quest for Civil Rights; Women's Rights Movement; Disability Rights Movement; Elder Rights Movement; LGBTQ Rights Movement; Social Class Matters; and Going Forward. This book is written to be actively read and to initiate meaningful conversations about social justice. The primary audiences for the text are college students who are majoring in social and behavioral sciences, social work and health care. The book will also be a valuable resource to teachers, community activists, and other persons who want to enhance their knowledge of racism, sexism, homonegativity, ableism, ageism, xenophobia and classism.

Now fourteen, she yearns for her mother, and for forgiveness. Living on a peach farm in South Carolina with her father, she has only one friend: Rosaleen, a black servant whose sharp exterior hides a tender heart. South Carolina in the sixties is a place where segregation is still considered a cause worth fighting for. When racial tension explodes one summer afternoon, and Rosaleen is arrested and beaten, Lily is compelled to act. Fugitives from justice and from Lily's harsh and unyielding father, they follow a trail left by the woman who died ten years before. Finding sanctuary in the home of three beekeeping sisters, Lily starts a journey as much about her understanding of the world, as about the mystery surrounding her mother.
