Street. To see a street in your dream symbolizes your life's
path. The condition of the street reflects how much control
you have over the direction of your life. Consider also the
name on the street as it may offer some significance or
advice to the meaning of the dream.. To see or travel on side
streets in your dream refer to a need to explore an alternative
way of life.

...

To dream that you are walking in a street, foretells ill luck and
worries. You will almost despair of reaching the goal you have
set up in your aspirations. To be in a familiar street in a
distant city, and it appears dark, you will make a journey
soon, which will not afford the profit or pleasure
contemplated.

Tara's got it made - good grades, cool parent's, a weekend job, and a boyfriend, Ron. Then there's her friend Janet who lives on the street when she can't get on with her parents. Along with other street kids, Janet panhandles for money and spends nights at an abandoned building called Hell's Hotel. Ron wants the world to know that it's adults who force the kids on to the streets - parents, teachers, police - and he asks Tara to help him publish his opinions in his alternative newspaper, The Rage. As Ron confronts authority, Tara begins to question his motives. Then, quite suddenly, many of the pieces of her perfect life start to crumble, including her stable, happy home. Her grades slip, her friends desert her and her mother leaves town. Where will Tara turn for help.

Tara's life in Halifax is about as good as it gets--she gets top marks in her class, her parents are cool, she has a good part-time job, her boyfriend Ron edits an alternative paper. Her life is especially good compared to her friend Janet's. Janet fights with her parents whenever she sees them, which isn't often. She spends more time begging for change on the street and crashing at the dismal squat locals call Hell's Hotel. Soon, however, cracks start to appear in Tara's perfect life. When Ron writes an exposé on the kids who live at the Hotel, Tara is forced to question his motives. Things start falling apart, one by one: her grades slip, her friends drop her, her mom leaves town. When catastrophe hits Hell's Hotel, however, Tara and Janet find themselves relying on each other more than either expected. Together they aim to make big changes, in their city and in themselves. Set against a gritty, inner-city background, Hell's Hotel examines the challenges

The 13th edition of the International Who's Who in Poetry is a unique and comprehensive guide to the leading lights and freshest talent in poetry today. Containing biographies of more than 4,000 contemporary poets world-wide, this essential reference work provides truly international coverage. In addition to the well known poets, talented up-and-coming writers are also profiled. Contents: * Each entry provides full career history and publication details * An international appendices section lists prizes and past prize-winners, organizations, magazines and publishers * A summary of poetic forms and rhyme schemes * The career profile section is supplemented by lists of Poets Laureate, Oxford University professors of poetry, poet winners of the Nobel Prize for Literature, winners of the Pulitzer Prize for American Poetry and of the King's/Queen's Gold medal and other poetry prizes.

In one fast-paced story, a strong and aggravated man considers the pretty woman at the bar while he fingers the knife in his pocket. But what becomes of his prey when they move to the bedroom? In another tale, a man remembers the victim of a ghastly murder who visited the same hair salon as he does. And a Don Juan of a protagonist has a hobby of marrying vulnerable women, getting access to their bank accounts, and then robbing them blind. But there is much more to this collection than dark-haired vixens and crimes of passion. Some stories are brooding, some twisted; some bring righteous satisfaction, some linger in the back of your mind. What is truly on display is an impressive collection of literary talent: a group of some of the best writers we have,

weaving fresh and memorable stories from a pair of classic themes. Taken as a whole, they are a rare treat for fans of great fiction, whether it's high literature, good old-fashioned suspense, or anything in between. Original black-and-white art by artist/author Jonathan Santlofer completes this innovative, exciting, and irresistibly intriguing book—a true literary gem.

Accurate and reliable biographical information essential to anyone interested in the world of literature The International Who's Who of Authors and Writers offers invaluable information on the personalities and organizations of the literary world, including many up-and-coming writers as well as established names. With over 8,000 entries, this updated edition features:

- * Concise biographical information on novelists, authors, playwrights, columnists, journalists, editors, and critics
- * Biographical details of established writers as well as those who have recently risen to prominence
- * Entries detailing career, works published, literary awards and prizes, membership, and contact addresses where available
- * An extensive listing of major international literary awards and prizes, and winners of those prizes
- * A directory of major literary organizations and literary agents
- * A listing of members of the American Academy of Arts and Letters

In "The Dark End of the Street", Maria Damon brings a new sensitivity to modern poetic criticism. She adds an important dimension to cultural theory, revealing the struggles of American poets as they address important questions about art, social life, and the oppression they encounter. Taking as her premise that the intensity of poetic language is an appropriate venue for representing the "dark end of the street" of social pain, Damon foregrounds the work and lives of a number of modern American poets in order to argue that

the American avant-garde is located in the experimental literary works of social "outsiders." Unlike most literary studies on poetry and poetics, "The Dark End of the Street" examines an unusually wide range of poets and poetic activities. Damon explores avant-garde poetry as writing that pushes at the limits of experience as well as at the limits of conventional form. She argues that the marginalized and oppressed, ostensibly the most expendable members of American society, have produced its truly vanguard literature. Damon brings a sense of social context to a field long dominated by purely formalist criticism, ultimately revealing how time, place, and circumstance affect the creation, distribution, and reception of modern poetry. This book is intended for contemporary American poetry, cultural studies, and American studies.

A vividly detailed memoir of traveling to the formerly forbidden country and exploring life and culture in Hanoi (Kirkus Reviews). For years after the Vietnam War, Americans were unable to visit the country, so once tourist visas became available, young Dana Sachs eagerly applied. Born in the early 1960s, she had little memory of the war and its history, but yearned to know more about this Southeast Asian nation, with its odd mix of capitalism and communism and its streets crowded with bicycles. In this unusual travel memoir, she recounts arriving as a backpacker in the late 1980s; moving in with a family and earning her keep by teaching English; encountering a salesman offering remains of American "poes and mees" which she finally recognizes as "POWs and MIAs" and falling for a motorcycle mechanic named Phai. The House on Dream Street is a warm, witty portrait of a country on the cusp of change and of a woman learning to know her own heart. "Engrossing . . . Sachs bravely renders Vietnam through fresh eyes." Publishers
