Our brand-new resources are written specifically to tackle the demands of the GCSE (9-1) Maths.

Our brand-new resources are written specifically to tackle the demands of the GCSE (9-1) Maths. The Foundation Student Book is now endorsed for use with the Edexcel GCSE (9-1) Mathematics specification.

This book has been specifically written for the new two-tier Edexcel linear GCSE specification for first examination in 2008 by the highly successful Framework Maths author team. The book is targeted at the B to A\* grade range in the Higher tier GCSE, and it comprises units organised clearly into inspiring full-colour spreads. Each unit offers: \* Prior learning assessed at the start so students are fully prepared for the topic \* Learning objectives identified so it is clear what students need to know \* Clear explanations with examples showing the key techniques \* Plenty of practice with clearly differentiated questions pitched at an appropriate level \* Summaries and past Edexcel questions to help students gain responsibility for their learning It forms part of a series of four student books at GCSE, in which the other three books cater for grade ranges G to E, E to C and D to B.

The most student-friendly and engaging resource for the 2016 Edexcel GCSE Geography B specification, this brand new course is written to match the demands of the specification. As well as providing thorough and rigorous coverage of the spec, this book is designed to engage students in their learning and to motivate them to progress.

A new series of bespoke, full-coverage resources developed for the 2016 GCSE Computer Science qualifications. Written for the AQA GCSE Computer Science specification for first teaching from 2016, this print Student Book uses an exciting and engaging approach to help students build their knowledge and master underlying computing principles and concepts. Designed to develop computational thinking, programming and problem-solving skills, this resource includes challenges that build on learning objectives, and real-life examples that demonstrate how computer science relates to everyday life. Remember features act as revision references for students and key mathematical skills relevant to computer science are highlighted throughout. A digital Cambridge Elevate-enhanced Edition and a free digital Teacher's Resource are also available.

Unlock your full potential with this revision guide, fully updated for the 2017 specification, which focuses on the key content and skills you need to know. With My Revision Notes for WJEC ICT for GCSE you can: - Take control of your revision: plan and focus on the areas you need to revise with content summaries and commentary from author Ian Paget. - Show you fully understand key topics by using specific examples of ICT. - Apply ICT terms accurately with the help of definitions and key words on all topics. - Improve your skills to tackle specific exam questions with self-testing and exam-style questions.

Target success in Cambridge National Level 1/2 Child Development with this proven formula for effective, structured revision. Key content coverage is combined with exam-style tasks and practical tips to create a revision guide that students can rely on to review, strengthen and test their knowledge With My Revision Notes, every student can: - plan and manage a successful revision programme using the topic-by-topic planner - consolidate subject knowledge by working through clear and focused content coverage - test understanding and identify areas for improvement with regular 'Now Test Yourself' tasks and answers - improve exam technique through practice questions, expert tips and examples of typical mistakes to avoid.
