God Is Not Mad At You Joyce Meyer

When bestselling author Joyce Meyer posted "God's not mad at you" on Facebook, she didn't anticipate that her words would trigger thousands of responses of gratitude and relief. Apparently many Christians struggle to reconcile their perception of God as both a loving parent and a stern judge. In GOD IS NOT MAD AT YOU, Joyce will help those who haven't truly received God's love because they are afraid of His anger and disapproval. She explores the source of this confusion, so His genuine character can be better understood and His love can be experienced on an entirely new level. Chapter titles include: " Perfectionism and Approval " The Pain of Rejection " Guilt and Shame " Developing Your Potential " Run to God, Not from Him " Getting Comfortable with God "It is important for us to remember that God's anger is directed toward our sinful behavior rather than toward us. If you feel guilty right now and are afraid that God is mad at you, then you are miserable. But your misery can be immediately changed to peace and joy by simply believing God's Word. Believe that God loves you and that He is ready to show you mercy and forgive you completely. Believe that God has a good plan for your life. Believe that God is not mad at you!" --Joyce Meyer

From a popular pastor and radio host—Three Free Sins teaches that the only people who make any progress toward being better are those who know that God will still love them, regardless of how good they are. This book is about the misguided obsession with the management of sin that cripples too many Christians. It ’ s about the view that religion is all about sin...about how to hide side sin or how to stop sinning all together. In the Introduction, the author toys good-naturedly with an agitated caller on his radio program, teasing him in a segment where he offers three free sins. The offer is real. Not that Steve has the power to forgive sins, but he wants to make the point that Jesus has made the offer to cover all of our sins – not just three. Chapter one, titled “ Teaching Frogs to Fly, ” is even better. The gist of this chapter is that you can ’ t teach people not to sin. Steve tells a story about a guy who has a frog, and he ’ s convinced he can teach the frog how to fly. The man keeps throwing the frog up in the air or up against walls – all to the poor frog ’ s demise. The message is that even though people can be better, they can never not sin—just like a frog can never learn to fly, no matter how much pressure is put on it. Steve continues through the book to show readers that while they can never manage sin, they can relax in knowing that they are completely forgiven—not just of three, but of all.

God Is Not Mad at You God loves you. You may have heard it a thousand times, and it is a common theme in Christianity. But do you believe it? Many of the messages we hear every day (from both society and the church) tell you the exact opposite. As a result, millions of people from all backgrounds have bought into the idea that God is not only angry but also that He ’ s angry with them. This belief is damaging countless lives. In Why Is God So Mad at Me? Pat Schatzline sets the record straight, introducing you to a God who accepts us, transforms us, renews us, and gives us a future filled with abundant blessing and opportunity.

Many people have a distorted picture of God. They see Him as mean and intolerant. That is not the God of the Bible. God is a good God who is not out to punish you. The cross was a rescue mission. God sent Jesus to save the world, not to condemn it. The Bible is not a book of rules. It is a love story written by a God who is love. He has every intention of doing good things for you. He wants you to live a rich and satisfying life. The gospel is good news. God is not mad at you; He's madly in love with you and wants to have a relationship with you.

When things really go wrong, what do you do with the feeling that God is to blame? A popular Coast to Coast radio host (and Episcopal clergy) provides some answers. In a first of its kind book, Ian Punnett provides a spiritual path for expressing your rawest emotions through prayer and how to rebuild a relationship with one's higher power--or anybody else in your life. In this important and practical book, Ian Punnett provides insight on feeling anger and resentment toward God and offers advice on how to deal with the pain and blame that accompanies these emotions. In a book that is edgy, timely, funny and compassionate, Punnett presents real help in everyday language for transforming the negativity of anger into a positive and useful force that will ultimately help us pray more effectively, bring us closer to God, enhance our spiritual relationship, and change the way we live and love others. After a divorce, a broken friendship, the death of a loved one, the loss of a job or even the accumulation of all the tiny cracks in our spirit from life's disappointments, it ’ s easy to feel pissed at God. When anger is left unchecked, it is harmful to our minds, bodies and souls. “ How to Pray When You ’ re Pissed at God is not “ the last word ” on angry prayer, ” Punnett writes, “ but it might be the first words you have ever heard on the topic. By the end of the book, it is my hope that you ’ ll understand the role of anger in our lives, the benefit of honest prayer, and the need for honest, angry prayer in the lives of the faithful and faithless. ”

There have been many wars throughout history and more yet to come. But the most important war is over and most don't even know it. Many have not yet heard the news and they continue to fight the battle-the battle of sin and judgment. When Jesus said "It is finished", victory was declared and reconciliation began. Luke 2:14 say, "Glory to God in the highest, and on earth peace goodwill toward men." Is this saying Jesus came to create peace among men? If it is, then He has most certainly failed. The peace he spoke of was not among men, but between God and man. Sin is no longer the issue; the price has been paid once and for all. God sent His only Son to bare our sin, becoming sin itself and then judged Him without mercy for that sin. Was it enough? You will discover that yes, it was more than enough, and God is not withholding His blessing because of their sin! By understanding this powerful truth you will be set free from condemnation, judgment, and fear, and released to receive the blessing of God!

We've all faced anger, sadness, frustration, confusion, disappointment, fear, or depression at some point in our lives. We know that we need to get to the root of the problem in order to fix it. But what do you do when you feel that God is the root of the problem? What do you do when you're angry with God? Psychologist Michele Novotti noticed that many of her clients who were working through their anger with people had a parallel need to work through their anger with God. Beneath the psychological issues, many of us also silently struggle with our faith. Yet, we are afraid to give voice to this anger. We're told that "good" people, "people of faith, " accept what happens without asking questions. Unvoiced thoughts are forced underground, leaving us feeling disconnected from God or even flat-out angry with God -- but unable to do much about it. It's time to break the silence. This book won't try to talk you out of your anger, but it will talk you through it while presenting an image of a compassionate God who continues to love you.
