To read your meter: Read along the five dials from left to right, writing down the numbers from left to right. If the pointer on any of the dials is between two numbers, record the lower number. If the pointer is exactly on a number, record the next lowest number - unless the pointer on the dial to its right has passed zero.

The Simplicity Myth. In an age of conveniences so modern we can barely keep up with daily advances in technology, it is quite possible to run our homes as if they were machines. Setting all the domestic conveniences a-go-go, having the robo-vacuum hum quietly through the house all by itself, asking Siri or Alexa to find a recipe for us and keeping track of the whole caboodle on our mobile ...
