Cheapskates rack up huge lifetime savings - and so they can set aside far more for retirement - by keeping debt out of their lives as much as possible and, when they do take on debt (usually just for a home mortgage), paying it off as quickly as possible. Cheapskates live by the old-school rule that "If you can't afford to pay for it now, you simply can't afford it."

What does a woman want to do when she retires? Travel? Pursue hobbies? Spend time with friends and family? We all have dreams about what those days will be like. But when it comes to turning those dreams into reality, women's retirement confidence and know-how is low. According to a 2012 survey, 92 percent of women of all ages in this country don't feel they're educated enough to reach their retirement savings goals. For the woman who doesn't know where to start or would like a knowledgeable guide who speaks her language, financial expert Mary Hunt offers a comprehensive but approachable resource for saving and planning for retirement. Whether she feels entitled to retire at age 65, hopes she'll be able to stop working someday, or is convinced she'll never be able to retire, every woman will find real help in these pages. With her signature no-nonsense, energetic style, Hunt assures women that it's only too late if they don't start now. She clearly covers every aspect of retirement planning during every season of a woman's life, giving women the confidence they need to shape their futures.

AWARDS: Silver Living Now Book Award, Mature Living/Aging 2014 (Silver) If you're one of the 25 million single women over the age of 45 living in the United States today, AARP's The Single Woman's Guide to Retirement is your new best friend. Walking you through the challenges of retired or pre-retired life, from managing your finances to staying healthy in body, mind, and spirit, dealing with divorce, and even looking for love or work, the book covers the issues that really matter to you. Whether you're looking for a retirement home or planning a cruise, this book is packed with specific details to help take the guesswork out of retirement. Author and retirement expert Jan Cullinane has gathered real-life stories from women just like you to illustrate your options and give you fresh new ideas about how to make the most of your retirement years.

Here is a single-sit read than can change the course of your retirement. Written by Dr. Teresa Ghilarducci, an economics professor, a retirement and savings specialist, and a trustee to two retiree health-care trusts worth over \$54 billion, How to Retire with Enough Money cuts through the confusion, misinformation, and bad policy-making that keeps us spending or saving poorly. It begins with acknowledging what a person or household actually needs to have saved—the rule of thumb is eight to ten times your annual salary before retirement—and how much to expect from Social Security. And then it delivers the basic principles that will make the money grow, including a dozen good ideas to get current expenses under control. Why to “get rid of your guy”—those for-fee (or hidden-fee) financial planners that suck up valuable assets. Why it's always better to pay off a loan or a mortgage. There are no gimmicks, no magical thinking—just an easy-to-follow program that works.

Times have changed and the rules have changed, but financial security is still the goal. Do you know how to get there? There is a new reality out there—a new normal. What was once certain—that you would be able to retire comfortably, that you would pay for your kids' education, that your home would appreciate in value—is no longer a sure thing. So much has changed on the financial landscape that it's hard to know which moves are the right ones to make. Suze Orman's million-copy bestselling financial action plan—fully revised and updated—will show you the way. NEW TIMES CALL FOR NEW RULES—AND THIS IS WHAT SUZE ORMAN'S ACTION PLANDELIVERS: • up-to-date information on new legislation that could affect how you will achieve your financial goals • an explanation of new FICO practices, and a new strategy for dealing with credit cards when you're trying to get out of debt • sound advice about rebuilding your retirement plan, and what to do if you're already retired • guidance on how to live within your means, and strategies to keep you on the path to achieving your goals in this new age of financial honesty PLUS AN ALL-NEW CHAPTER ON KIDS AND MONEY—how to give your kids a solid financial education, no matter their age!

Shares strategies for accumulating real-world wealth while staying independently employed, distilling lessons from a variety of sources effectively used by the authors during the recent financial crisis.

"With How to Make Your Money Last, you will learn how to turn your retirement savings into a steady paycheck that will last for life. Today, people worry that they're going to run out of money in their older age. That won't happen if you use a few tricks for squeezing higher payments from your assets—from your Social Security account (find the hidden values there), pension (monthly income or lump sum?), home equity (sell and invest the proceeds or take a reverse mortgage?), savings (should you buy a lifetime annuity?), and retirement accounts (how to invest and—critically—how much to withdraw from your savings each year?). The right moves will not only raise the amount you have to spend, they'll stretch out your money over many more years. You will also learn to look at your savings and investments in a new way. If you stick with super-safe choices the money might not last. You need safe money to help pay the bills in your early retirement years. But to ensure that you'll still have spending money 10 and 20 years from now, you have to invest for growth, today. Quinn shows you how. At a time when people are living longer, yet retiring with a smaller pot of savings than they'd hoped for, this book will become the essential guide"—
