Household water use varies enormously depending on the number of people in a house and their personal needs. The below table from Waterwise will help you understand your annual usage. You can monitor it by comparing it to the volume record on your water bill.

How much water do you use? | CCW

The size of your property can have a big influence on the cost of your monthly bills, including your water one. If you don't have a meter, the more people who live in a house, generally, the more water that will be used. This is because of the people in it, using the water rather than the amount of rooms.

How much is the average water bill per month?
