formatting tags.

CSS (Cascading Style Sheets) for
Beginners

Formal syntax auto | fixed

Examples Fixed-width tables with
text-overflow. This example uses
a fixed table layout, combined with

Get Free Layout With Cascading Style Sheets

the width property, to restrict the table's width. The text-overflow property is used to apply an ellipsis to words that are too long to fit. If the table layout were auto, the table would grow to accomodate its contents, despite the specified width.
