After clinching his fifth world title in October 2018, Lewis Hamilton is now the joint second most successful driver of all time. He has accelerated into pole position, having long surpassed legends Damon Hill, Nigel Mansell and Jackie Stewart to become Britain's most successful Formula One driver. Hamilton's debut season in 2007 won him fans around the world, and his place in Formula One history was sealed the following year when he became the youngest-ever world champion. In the years since, he has created headlines on and off the track with his rivalries with Nico Rosberg and Sebastian Vettel and relationships that have landed him on the front pages of the tabloids. However, despite the media glare, he has continued to prove his incredible talent and tenacity and remain utterly dominant in his sport. In this insightful biography, bestselling sports author Frank Worrall traces the slipstream of Hamilton's incredible career as the fastest driver on the planet. This is the ultimate story of the driver who has gone from being the rookie Sir Jackie Stewart said 'has rewritten the rule book' to a world champion five times over, becoming Britain's greatest ever driver and, arguably, the finest racer Formula One has ever seen.

This is the story of the boy who proves fairytales do come true. The boy who grew up on a council estate, who, at the tender age of 22, came through against all the odds to dominate and revolutionise the world of motor racing. Thrown in at the deep end 'on a mighty whim' by F1 team owner Ron Dennis, Lewis Hamilton began his 2007 debut season with several podium finishes - and is surely in the running for the BBC's Sports Personality of the Year 2007. He has done better than anyone could have predicted: not only has he had to combat his own nerves and fears; he has had to overcome a

dissenter within his own camp. With behind-the-scenes insight into the intense rivalry between Hamilton and his team mate Fernando Alonso which threatened to derail the young Briton's dream, bestselling sports author, Frank Worrall describes how the rookie rose above his critics, keeping his dignity and emerging triumphant as he racked up sensational wins around the world. But the boy-wonder's stellar rise through the motor racing ranks from karting to the hotly contested F3 Superprix and onto the F1 podium was by no means straightforward. Lewis' racing career began aged just six, when his father, holding down three jobs to support his son's blossoming career, bought him his first go-kart. Life was always a challenge - against the backdrop of racial inequality, Lewis was faced with the heartache of his parents' divorce and his anguish for half-brother Nicholas, who suffers from cerebral palsy, but these setbacks only made Hamilton more determined to succeed. The breakthrough came when he was ten on meeting McLaren boss Ron Dennis at an awards ceremony. Lewis told him, 'I'm going to race for you one day...I'm going to race for McLaren.' Two years later he contacted Dennis and the big man signed him to McLaren's development programme. By 2007 he could hold him back no longer. This is the remarkable story of the boy who has been called 'The Tiger Woods of F1'. Hamilton's is a tale of glory against the odds which reads like the script of a Hollywood movie. But this is not fiction: this is the real-life story of a record-breaking season and a legend in the making.

Those who reach the top of their profession, especially those who are in the entertainment industries or athletics, are often subjected to a ton of media interference that covers not only their professional life but their personal life as well. Because of this, some choose to remain very private, keeping part of their life separate from the public face that they put on, and they do whatever they can to make sure they have some sense of privacy in their lives. Despite this, there is often an intrusive and intense pressure that can sometimes bring to light some of the parts of these celebrities' lives that they would rather not want to share. Others don't care as much and decide to be somewhat open about what they are going through and what life is like. Either way, those who are in the limelight must learn to give and take with the media, find a way to persevere in order to get to the top of their career, and make sure that they consider carefully what image they are portraying in the media since there are many eyes watching. In racing, one of the top names, if not the top name, in the industry right now belongs to a young man who is trying to strike just that sort of balance. Although he has taken the racing world, particularly in the Formula One realm, by storm, he has had his share of media complications that he's had to deal with. However, for Lewis Hamilton, finding the right words in front of the cameras is only part of the struggle that he goes through under the scrutiny of being one of the top racers in the world today.

In the high-octane atmosphere of the Formula One pit lane, the spotlight is most often on the superstar drivers. And yet, without the technical knowledge, competitive determination and outright obsession from his garage of mechanics, no driver could possibly hope to claim a spot on the podium. These are the guys who make every World Champion, and any mistakes can have critical consequences. That's not to say the F1 crew is just a group of highly skilled technical engineers, tweaking machinery in wind tunnels and crunching data through high-spec computers. These boys can seriously let their hair down. Whether it be parties on luxury yachts in Monaco or elaborate photo opportunities in gravity-defying aeroplanes, this is a world which thrills on and off the track. Join McLaren's former number-one mechanic, Marc 'Elvis' Priestley as he tours the world, revealing some of Formula One's most outrageous secrets and the fiercest rivalries, all fuelled by the determination to win. This is Formula One as you've never seen it before.

The adrenaline-fueled, high-octane world of Formula One has created some of the greatest moments in sporting history. From the intense rivalries between teams and drivers, such as Alain Prost and Arton Senns and 2015's Rosberg and Hamilton, to the infamous tracks that have created moments of tragedy and triumph -- F1's greatest moments read like a film script. The Cahier Archive has captured the drama from the 1950's to the present day including Lewis Hamilton's 2015 winning season. It is filled with stunning behind-the-scenes shots, from pit stops to personal moments, beautiful portraits of the drivers and atmospheric shots of the racing in action. Structured around three sections: Drivers and Rivalries, Teams and Cars, and Tragedy and Triumph of the Circuits, Formula 1: The Pursuit of Speed captures the intensity and beauty of the sport. Each section is introduced with vivid essays by F1 correspondent Maurice Hamilton, and filled with the Cahier's beautiful and resonating photographs, many unpublished giving a behind-the-scenes look at the world of F1.

The hugely entertaining, and extremely candid, autobiography of one of the most colourful characters in motor sport Eddie Jordan gave Michael Schumacher his first drive, and helped groom a whole series of drivers early in their careers, including Damon Hill and Martin Brundle. But he funded his first move into motor sport by selling smoked salmon well past its sell-by date to rugby fans leaving Lansdowne Road; when stopped for speeding by a policeman, he ended up selling him his car. Jordan set up his own team, and moved into Formula One at the end of the 1980s. It wasn't long before the team began to pick up podium finishes, and in 1998 won its first race - a remarkable achievement on a comparatively small budget. The following year was even better, but sadly this was to be the peak, as the search for more finance and legal battles with sponsors hit hard. Eventually, in January 2005 he sold the team. AN INDEPENDENT MAN goes behind the scenes to reveal the true personalities of the drivers Jordan worked with, and his battles with Bernie Ecclestone. It shows how, when so much money is involved, nothing is ever simple. His has been a life lived to the full, and his account is packed full of superb stories, colourful adventures and revealing tales.

LONGLISTED FOR THE WILLIAM HILL SPORTS BOOK OF THE YEAR 2018 This is my life, not the stuff you've seen, but the things you haven't. This is my childhood growing up in the West Country, my struggles, my doubts and my hopes. It's the people I've met in my seventeen years in Formula One, many of whom I've loved, some of whom I definitely haven't. It's the laughs I've shared, the battles I've fought, some on the track with rivals and friends like Fernando Alonso, Lewis Hamilton and Sebastian Vettel. It's the pressure I struggled with as I closed in on my World Championship in 2009, it's the calm I felt every time I settled into the cockpit. It's my dad - the many times he saved me, the one moment he doubted me, the hole in my life he left me. It's everything in one go, the good days as well as the bad. A life lived not just as a racing driver but, ultimately, as a human being.

A walk through a young African American entrepreneur who relates and tackles today's social problems. Documented regrets and reflections of a far from normal childhood experience mixed with modern day views on being bullied, self-consciousness and the popular insert: What's Love.
