Brief History and Development Of Mirreles Blackstone. In 1840 an engineering partnership was founded in Glasgow to manufacture cane sugar machinery. This business was founded by three brothers, Peter, William and Andrew McOnie and the original title of the firm was P & W McOnie. Mr William, later Sir William McOnie, at one time Lord Provost of Glasgow, retired from the firm in 1848 and Mr J.B. Mirreles became a partner. the new title of the firm then became McOnie and Mirreles.

Brief History and Development Of Mirreles Blackstone
Mirreles Blackstone. MAN Energy Solutions UK is the original equipment manufacturer of Mirreles Blackstone diesel engines and is the worldwide after sales service provider for the entire Mirreles Blackstone range. For details of specific products, see the table below.

Mirreles Blackstone - MAN Energy Solutions
Mirreles Blackstone existed in their first incarnation as Blackstone & Co. on 29th January, 1889. They were a producer of farming implements, and in 1896, had started to build lamp start oil engines. By 1912 they had developed a new internal combustion engine that ran on vaporising oil, and by 1919 they had installed a 25 horsepower, three-cylinder version into a crawler tractor, which they produced until 1925.

Blackstone and Co - Grades Guide
We had three Mirreles/Blackstone ESL8MkII engines (4-stroke, 1435 BHp) for generator prime movers. What I remember most about them is that they leaked/consumed enough oil that "oil changes" were automatically performed weekly by the engine itself. Only had to drain the oil during overhauls so that a thorough sump wipe down could take place.
