The Madness of Crowds: Gender, Race and Identity — A Review —

According to Gara La Marche, president and chief executive officer of The Atlantic Philanthropies, "racial history and racial identities infuse every aspect of life ... no separation of the personal and professional [is possible]." 1 Such is the case, too, with gender: to understand the role of race and gender in the philanthropic and nonprofit world, it is necessary to first clarify what we mean by "race" and "gender." We must also understand the mechanisms by which they work ...

In Their Eyes Were Watching God, Zora Neale Hurston explores the effects of race and gender on developing one's identity. There is often a discrepancy between personal identity and the identity formed exogenously by members of society, which makes it difficult to develop a true understanding of oneself. In Hurston's novel, Janie is able to move past the opinions society have of her and become the woman she wants to be after being subjected to the limitations society had placed on her ...
