Six main chapters of a research paper - SlideShare

A research paper does not normally need a title page, but if the paper is a group project, create a title page and list all the authors on it instead of in the header on page 1 of your essay. If your teacher requires a title page in lieu of or in addition to the header, format it according to the instructions you are given.

Formatting a Research Paper | The MLA Style Center

These brief, peer-reviewed articles complement full research papers and are an easy way to receive proper credit and recognition for the work you have done. Research elements are research outputs that have come about as a result of following the research cycle – this includes things like data, methods and protocols, software, hardware and more.
