## Online Library Sensemaking What Makes Human Intelligence Essential In The Age Of The Algorithm

Humans have become subservient to algorithms. Every day brings a new Moneyball fix - a maths whiz who will crack open an industry with clean fact-based analysis rather than human intuition and experience. As a result, we have stopped thinking. Machines do it for us. Christian Madsbjerg argues that our fixation with dat

Sensemaking: What Makes Human Intelligence Essential in ... Sensemaking is the process by which we gain wisdom through examining cultural knowledge. It's a kind of cultural engagement closely associated with the humanities. For example, it might seem normal today to look to numbers for meaning, but sensemaking allows us to go further than sales figures, turnover rates and the like.
