The girls go on an overnight and share horror stories around the campfire. But it's the one about Cropsy, the creepy old man who lives just outside the campgrounds and is known for torturing Lakeview campers, that hits closest to home. Especially when Chelsea leaves the group for a bathroom break in the woods and doesn't return after 45 minutes. No sooner do her bunkmates go after her then do they realize they've completely lost their way and are now at the mercy of the evil Cropsy's whims!

Formerly 'Automotive Brake Systems'. 2nd Edition. Safety is very important in vehicle design and operation. Driving-Safety Systems is the new edition of what was formerly titled 'Automotive Brake Systems'. The title has been changed to reflect the addition of information on recent technological advancements in safety systems beyond braking systems such as traction control systems (TCS) and electronic stability control (ESP). Ideal for engineers, technicians and enthusiasts, this book offers a wide range of detailed and easy-to-understand descriptions of the most important control systems and components. A new section on electronic stability has been added, and sections on driving physics, braking systems basics and braking systems for passenger cars and commercial vehicles have been updated. Contents include: Driving Safety in the Vehicle Basics of Driving Physics Braking-System Basics Braking Systems for Passenger Cars Commercial Vehicles - Basic Concepts, Systems and Diagrams Compressed Air Equipment Symbols Equipment for Commercial Vehicles Brake Testing Electronic Stability Program ESP.

Supercar Revolution charts the evolution of the battle for performance and supremacy among the world's leading marques, including Ferrari, Lamborghini, Bugatti, Porsche, Aston Martin, and Ford GT. If you want to get to know the ins and outs of the high-budget, near space-age vehicles we call supercars, then you need look no further. Supercar Revolution profiles the designers and engineers who developed these beasts, and includes interviews with the racers and celebrities who drive them. And that's not to mention the fabulous photographs of the supercars themselves you'll find throughout this highly produced volume. Jay Leno, the host of Jay Leno's Garage and one of the best-known automotive collectors and enthusiasts in the world, is also featured in several hilarious and informative commentaries. You'll love his many stories and be informed by his opinions on these incredible cars (many of which he owns). Supercar Revolution conveys the power of automotive aesthetics and performance as they're pushed to their absolute limits like you've never seen before. It is a new benchmark in automotive publishing, and is destined to become a classic history of these incredible marques.
