"In 1991 The Perception of Women in Spanish Theater of the Golden Age provided a forum for a group of Hispanists concerned with correcting the failure to acknowledge the place of women in Golden Age Spain. This new collection of essays reflects the continuing interest in the topic and provides a new historical focus on literature and culture together."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Freud's Mexico is a completely unexpected contribution to Freud studies. Here, Rubén Gallo reveals Freud's previously undisclosed connections to a culture and a psychoanalytic tradition not often associated with him. Freud found a receptive audience among Mexican intellectuals, read Mexican books, collected Mexican antiquities, and dreamed Mexican dreams; his writings bear the traces of a longstanding fascination with the country. In the Mexico of the 1920s and 1930s, Freud made an impact not only among psychiatrists but also in literary, artistic, and political circles. Gallo writes about a "motley crew" of Freud's readers who devised some of the most original, elaborate, and influential applications of psychoanalytic theory anywhere in the world: the poet Salvador Novo, a gay dandy who used Freud to vindicate marginal sexual identities; the conservative philosopher Samuel Ramos, who diagnosed the collective neuroses afflicting his country; the cosmopolitan poet Octavio Paz, who launched a psychoanalytic inquiry into the origins of Mexican history; and Gregorio Lemercier, a Benedictine monk who put his entire monastery into psychoanalysis. After describing Mexico's Freud, Gallo offers an imaginative reconstruction of Freud's Mexico. Although Freud himself never visited Mexico, he owned a treatise on criminal law by a Mexican judge who put defendants—including Trotsky's assassin—on the psychoanalyst's couch; he acquired Mexican pieces as part of his celebrated collection of antiquities; and he recorded dreams of a Mexico that was fraught with danger. Freud's Mexico features a varied cast of characters that includes Maximilian von Hapsburg, Leon Trotsky and his assassin Ramón Mercader, Frida Kahlo, Diego Rivera—and even David Rockefeller. Gallo offers bold and vivid rereadings of both Freudian texts and Mexican cultural history.

"This anthology of "new" approaches to literary study takes its name from Lope de Vega's *Arte nuevo de hacer comedias*. Like Lope's poem on poetics, this volume also operates as a defense, in the sense that many of the articles include a defense of the usefulness of literary theory in general, and of their chosen approach in particular, for enriching the study of the *comedia*." "In these essays, it is the not quite new art of "estudiar" rather than "hacer" drama that is the central concern, the contributors defending theoretical innovations approximately twenty years after James Parr, in the pages of *Hispania*, issued his challenge to Hispanists to update their approach. This volume, which combines innovative scholarship with the "metacriticism" that many critics advocate in all literary study, is directed both the students of literature and to scholars who wish to expand their knowledge of the many different areas of theoretical inquiry that comediantes are currently exploring."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. The first Spanish-language literary movement to originate in the New World and subsequently influence literary activity in Spain continues to be relevant to contemporary Spanish American writers.

Aquest llibre proposa una lectura feminista dialògica de Charlotte Perkins Gilman, Meridel Le Sueur i Mikhail Bakhtin. La primera part està dedicada al relat curt, considerat un dels aspectes oblidats per Bakhtin. El gènere sexual ('gender'), un altre dels seus oblits, és la base fonamental d'aquesta investigació. Un dels arguments que l'autora defensa és que els híbrids artístics de Gilman i Le Sueur fan impossible que se les confine dins d'un sol gènere literari o sexual. En la segona part s'estudia com la saga deconstructivista de Gilman com el bildungsroman feminista de Le Sueur serveixen per a corregir i expandir la teoria bakhtiniana. Entre altres molts aspectes, els personatges femenins estudiats encarnen el subjecte parlant femení. La tercera part avalua les comunitats de dones creades per la ficció de Le Sueur i Gilman i el seu llegat per a les teories feministes i bakhtinianes. El treball (in)conclou proposant un avanç de la 'dialogia feminista' a una 'pràctica dialògica del feminisme', on totes les perspectives feministes apareixen com a gèneres literaris/veus en un

diàleg dialògic.
