The best books to read that we should be reading - Jordan Peterson ~~POLITICAL THEORY - Jean Jacques Rousseau~~ Concept Of Sovereignty: Kautilya - Social Political Philosophy (Philosophy) Social And Political Philosophy Classical Systematic political thought in ancient Greece begins with Plato, and quickly reaches its zenith in the rich and complex discussions in Aristotle's Politics. The political theories of both philosophers are closely tied to their ethical theories, and their interest is in questions concerning constitutions or forms of government.

Classical Political Philosophy: Plato and Aristotle ...

The Political Treatise, Spinoza ' s final work, is a largely theoretical inquiry into the fundamental principles of political philosophy. This edition offers an exceptional translation by Samuel Shirley and a prefatory essay by Douglas Den Uyl that discusses why the Political Treatise deserves the attention of contemporary scholars.

Social and Political Philosophy - Hackett Publishing Company

Other forms of social philosophy include political philosophy and jurisprudence, which are largely concerned with the societies of state and government and their functioning. Social philosophy, ethics, and political philosophy all share intimate connections with other disciplines in the social sciences.

Social and Political Philosophy: Classic and Contemporary Readings is a comprehensive primary-source anthology of readings on social and political thought. Ranging from ancient classics to contemporary works, this unique text combines the essential classics in the field--including the work of ancient Greek political philosophers and modern social contract theorists--with a significant amount of contemporary work on issues pertaining to poverty, drug legalization, multiculturalism, race, gender, and class. It also integrates contemporary feminist perspectives.

This anthology, with general and reading-specific introductions by the editor, puts the historical development of Western social and political philosophy into both feminist and multicultural perspectives. Each of the book's sections provides a basic foundation of classic Western readings, followed by articles with feminist and multicultural perspectives.

Anthology of essays on social and political thought with a focus on modern Western political thought

From Homer to Machiavelli, this reader is designed for an undergraduate course in classical Western political thought. Almost half of the work is devoted to Plato and Aristotle with selections by the former including the Crito, the Republic, and Laws and from the latter, the Nicomachean Ethics and Politics. Also included are writings from Hesiod, Protagoras, Herodotus, Aristophanes, Cicero, Augustine, Thomas Aquinas, and others. Annotation copyrighted by Book News, Inc., Portland, OR

There is a well-worn image and phrase for libertarianism: 'atomized individualism.' This hobgoblin has spread so thoroughly that even some libertarians think their philosophy unreservedly supports private persons, whatever the situation, whatever their behavior. Smith's Self-Interest and Social Order in Classical Liberalism, corrects this misrepresentation with careful intellectual surveys of Hume, Smith, Hobbes, Butler, Mandeville, and Hutcheson and their respective contributions to political philosophy.

Written by an international assembly of leading philosophers, this volume offers students, teachers and general readers a rich and sophisticated introduction to the major non-Western philosophical traditions - particularly Chinese, Indian, Buddhist and Islamic philosophies. African and Polynesian thinking are also covered by way of historical and contemporary survey articles. The text is organized around a series of central topics concerning conceptions of reality and divinity, of causality, of truth, of the nature of rationality, of selfhood, of humankind and nature, of the good, of aesthetic values, and of social and political ideals. Outstanding scholars present essays that articulate the distinctive ways in which these specific problems have been formulated and addressed in the non-Western traditions against the background of their varied historical and cultural presuppositions.

Classics of Political and Moral Philosophy provides in one volume the major writings from nearly 2,500 years of political and moral philosophy, from Plato through the twentieth century. The most comprehensive collection of its kind, it moves from classical thought (Plato, Aristotle, Epicurus, Cicero) through medieval views (Augustine, Aquinas) to modern perspectives (Machiavelli, Hobbes, Spinoza, Locke, Rousseau, Hume, Adam Smith, Kant). It includes major nineteenth-century thinkers (Bentham, Hegel, Mill) and considerably more twentieth-century theorists than are found in competing volumes (Rawls, Nozick, Taylor, Foucault, Habermas, Held, Nussbaum). Also included are numerous essays from The Federalist Papers and a variety of notable documents and addresses, among them Pericles' Funeral Oration, The Declaration of Independence, The Constitution of the United States, The Declaration of the Rights of Man and of the Citizen, and speeches by Edmund Burke, Abraham Lincoln, Elizabeth Cady Stanton, John Dewey, and Martin Luther King, Jr. The readings are substantial or complete texts, not fragments. The second edition contains two new

readings--by Charles Taylor and Virginia Held--and adds The Universal Declaration of Human Rights. It also presents two works by John Locke in their entirety and includes a new translation of Kant's Groundwork for the Metaphysics of Morals. An especially valuable feature of this volume is that the writings of each author are introduced with a substantive and engaging essay by a leading contemporary authority. These introductions include Richard Kraut on Plato, Aristotle, Epicurus, and Cicero; Paul J. Weithman on Augustine and Aquinas; Roger D. Masters on Machiavelli; Jean Hampton on Hobbes; Steven B. Smith on Spinoza and Hegel; A. John Simmons on Locke; Joshua Cohen on Rousseau and Rawls; Donald W. Livingston on Hume; Charles L. Griswold, Jr., on Smith; Bernard E. Brown on Hamilton and Madison; Jeremy Waldron on Bentham and Mill; Paul Guyer on Kant; Richard Miller on Marx and Engels; Thomas Christiano on Nozick; Robert B. Talisse on Charles Taylor; Thomas A. McCarthy on Foucault and Habermas; Cheshire Calhoun on Held; and Eva Feder Kittay on Nussbaum. Offering unprecedented breadth of coverage, *Classics of Political and Moral Philosophy, Second Edition*, is an ideal text for courses in political philosophy, social and political philosophy, moral philosophy, or surveys in Western civilization.

This concise and accessible introduction to Strauss's thought provides, for wider audience, a bridge to his more complex theoretical work. Editor Pangle has gathered five of Strauss's previously unpublished lectures and five hard-to-find published writings and has arranged them so as to demonstrate the systematic progression of the major themes that underlay Strauss's mature work. "[These essays] display the incomparable insight and remarkable range of knowledge that set Strauss's works apart from any other twentieth-century philosopher's."—Charles R. Kesler, *National Review*

This comprehensive volume contains much of the important work in political and social philosophy from ancient times until the end of the nineteenth century. The anthology offers both depth and breadth in its selection of material by central figures, while also representing other currents of political thought. Thucydides, Seneca, and Cicero are included along with Plato and Aristotle; Al-Farabi, Marsilius of Padua, and de Pizan take their place alongside Augustine and Aquinas; Astell and Constant are presented in the company of Locke, Rousseau, and Wollstonecraft. The editors have made every effort to include translations that are both readable and reliable. Every selection has been painstakingly annotated, and each figure is given a substantial introduction highlighting his or her major contribution within the tradition. In order to ensure the highest standards of accuracy and accessibility, the editors have consulted dozens of leading academics during the course of the anthology's development (a number of whom have contributed introductory material as well as advice). The result is an anthology with unparalleled pedagogical benefits, and one that truly breaks new ground.
