By reinforcing the stereotypes that long hindered blacks, and by teaching young blacks that a thuggish adversarial stance is the properly "authentic" response to a presumptively racist society, rap retards black success. The venom that suffuses rap had little place in black popular culture—indeed, in black attitudes—before the 1960s. The hip-hop ethos can trace its genealogy to the emergence in that decade of a black ideology that equated black strength and authentic black identity ...
