To keep costs as low as possible, famous investors like John Bogle and Warren Buffett recommend buying and holding the entire stock market. Known as passive investing, it is a buy and hold strategy where you buy an entire market index, typically the S&P 500, as a single mutual fund or exchange traded fund (ETF). By buying an entire index, you are properly diversified (have shares in ~500 large companies, not just one), which reduces your risk long term.

Why This Book... This book explains in clear and understandable language how anyone can benefit from learning about trading and investing in the stock market. All of the necessary basics are set forth, including the differences between trading and investing. A veteran trader, Andrew Aziz, shares some of his own proven day trading strategies and discusses key "to dos" and "not to dos" every new day trader must know before putting their hard-earned money at risk. Two chapters of the book are dedicated to the art and science of swing trading. Effective swing trading strategies are outlined, and all are amply illustrated with examples from real trades. The final section of the book is devoted to investing in the market. You will learn not only how to read a company's financial statements and select winning stocks, but also how to construct a well-balanced investment portfolio. Given that the author and his guest contributor have quite different backgrounds in finance, a unique opportunity is created for the reader to capture a very broad picture of the true potential of trading and investing in the stock market. In summary, you will learn the following key concepts by reading this book: What are stocks? What are exchanges, indices and ETFs. How to pick the right brokerage account. How to read price action and candle stick charts. How to day trade: opening range break down, ABCD pattern How to swing trade: Cup and Handle, Head and Shoulders pattern How to pick stocks based on P/E multiple and key fundamental ratios What to look for in income statements, balance sheets, and cash flow statements of different companies How to construct a well-diversified portfolio

Sick of staring at computer screens all the time? How about relaxing in your comfy armchair to analyse your stock portfolio instead. It's far better than idly flicking from screen to screen. Something else always pops up that you decide to deal with. But you know? You know you can only REALLY get a handle on what investing strategies are working by sitting down and getting a broad overview. And more importantly, you find out what's NOT working. This Stock Trading Notebook gives you a large clear 2-page format for formulating your ideas. It is ideally suited for value investors who buy and hold for a while. Who want to earn a nice dividend as well as hoping for the stock to gap up like a champion, anticipating the next AGM. What's In The Notebook For You? This stock trading logbook contains 2 main sections: Trading Tables to fill in your buys and sells. It includes: Stock Name Stock Code (Ticker Symbol) Quantity Traded Buy Price and Date Sell Price and Date Target Price Stop Price (Stop Loss) Total Cost Net Return Profit or Loss and Short Notes on each particular trade Stock Buying Watchlist, where you can note down detailed information, including: Company Name and Code Sector and Index Market Cap P/E Ratio Dividend Yield and Earnings Per Share PLUS more financial company data and ratios AND - of course - space for Research Notes and 5 prices with dates as you decide whether to invest Is That It? Anything Else? Yes - you'll get even more... In addition, each Trading Table page has room for extra notes, thoughts, ideas and strategies at the bottom. And there are 4 full pages at the front for general strategizing. At the front of the notebook, there is also a section for you to write your important contacts, such as banks, stockbrokers, and other contacts. PLUS a short Glossary to help explain some of the ratios you can use in the Watchlist Section to analyze company performance before deciding whether to buy a stock. So scroll up and grab your copy right now and get that armchair warmed up!

Penny Stocks: Penny Stock Tips on How to do Penny Stock Investing, Penny Stock Trading, Penny Stocks to Watch, Penny Stocks Picks, Where to Buy Penny Stocks & How to Make Penny Stock Fortunes -- There's a lot of hype out there about penny stocks. Internet spam and flashy web sites claim that penny stocks turn your tiny investment into a big, big return. But are penny stocks all that they're cracked up to be? Many investors and brokers may claim that investing in penny stocks is a good way to start small and end big. Buying penny stocks means buying low-priced shares of small businesses and companies. Penny stocks are much less "liquid" than other types of stocks, as penny stocks have few shareholders. For some investors, an initial small investment in penny stocks can mean big returns later on.
