"From the editors of Old cars weekly"--Cover.

Drawing on a wealth of knowledge and experience and a background of more than 1,000 magazine articles on the subject, engine control expert Jeff Hartman explains everything from the basics of engine management to the building of complicated project cars. Hartman has substantially updated the material from his 1993 MBI book Fuel Injection (0-879387-43-2) to address the incredible developments in automotive fuel injection technology from the past decade, including the multitude of import cars that are the subject of so much hot rodding today. Hartman's text is extremely detailed and logically arranged to help readers better understand this complex topic.

Based on tests conducted by Consumers Union, this guide rates new cars based on performance, handling, comfort, convenience, reliability, and fuel economy, and includes advice on options and safety statistics.

and experience of language in use. Describing Discourse takes the unique approach of introducing discourse studies through the hands-on analysis of linguistic data. The book introduces students to specific discourses constructed for particular purposes, for example, from the domains of advertising, law, medicine and education. Each chapter provides examples, exercises and commentary designed to develop the analytical abilities needed in describing the characteristic forms and typical functions of different discourses. Describing Discourse provides the ideal entry into the study of discourse for students new to the subject.
