Health Benefits of Swimming - WebMD

Ready to dive in? Swim workouts are a great way to build muscle, develop cardiorespiratory fitness, and burn calories — all without putting too much of a strain on your joints. Still, endless laps can get boring, and you’re not going to work as hard as you can if you aren’t engaged. That’s why you need a structured swimming workout plan. Intervals are a great way to mix things up and challenge your body in new ways.
