This remarkable grimoire was translated by S.L.M. Mathers from a 15th century French mauscript. This text has had a huge influence on modern ceremonial magic, and has been cited as a primary influence on Aleister Crowley. Abraham of W ü rzburg, a cabalist and scholar of magic, describes a quest for the secret teachings which culminated in Egypt, where he encountered the magician Abramelin, who taught him his system in detail. The procedure involves many months of purification, followed by the invocation of good and evil spirits to accomplish some very worldly goals, including acquisition of treasure and love, travel through the air and under water, and raising armies out of thin air. It also tells of raising the dead, transforming ones appearance, becoming invisible, and starting storms. The key to this is a set of remarkable magic squares, sigils consisting of mystical words which in most cases can be read in several directions. Of course, these diagrams are said to have no potency unless used in the appropriate ritual context by an initiate. Mathers analyzed these words in an extensive set of notes and gives possible derivations from Hebrew, Greek and other languages.

The Book of the Sacred Magic of Abramelin the Mage—originally published in 1900, translated by Samuel Mathers from a 15th-century French document—was purportedly written by Abraham for his son Lamech. Within this volume are three books. The first book is Abraham's autobiography in which he speaks to his son. The second book is an explanation of the purification rituals necessary to bring the magician's personal demon under his control. And the third book details what feats can be accomplished once the practitioner is able to use a form of magic controlled and directed through sigils of magic words written on a grid. Anyone with an interest in the occult will find this an interesting, though perhaps impractical, guide for exploring mystic arts.

The Sacred Magic of Abramelin the Mage - translated into English by Occultist S. L. Mac Gregor Mathers from a French document in 1897. Whilst the text purports to be of 15th century origin, the earliest known versions of the manuscript, which are in German, date to the 17th and 18th centuries. The text tells the story of how 'Abraham of Worms' encountered an Egyptian mage named Abramelin, from whom Abraham received the secrets of a powerful Kabbalistic magical system. It is this system and its secrets we read of as Abraham passes his knowledge to his son Lamech. The system revealed within the text consists of lengthy and elaborate rites and preparatory practices, in order to gain the 'knowledge and conversation' of one's 'guardian angel' via whom magical secrets will be revealed unto the practitioner. Via evocations of the twelve Kings and Dukes of Hell, the practitioner will obtain a number of familiar spirits of aid to the operative magic encountered within the 'third book' of this text. As head of the Hermetic Order of the Golden Dawn at the time, Mathers' The Book of the Sacred Magic of Abramelin the Mage became very import and influential to the pactices of the order, via which it was to have a profound influence upon the practices of Aleister Crowley.
