More than 1,000 companies from 80 industries and 30 countries are leading a global movement to redefine success in business. They're called B Corporations—B Corps for short—and these businesses create high-quality jobs, help build stronger communities, and restore the environment, all while generating solid financial returns. This book makes the business case for improving your social and environmental performance and offers a step-by-step “quick start guide” on how your company can join an innovative and rapidly expanding community of businesses that want to make money and make a difference.
