This book presents a philosophical study of the idea of reenchancement and its merits in the interrelated fields of philosophical anthropology, ethics, and ontology. It features chapters from leading contributors to the debate about reenchancement, including Charles Taylor, John Cottingham, Akeel Bilgrami, and Jane Bennett. The chapters examine neglected and contested notions such as enchancement, transcendence, interpretation, attention, resonance, and the sacred or reverence-worthy— notions that are crucial to human self-understanding but have no place in a scientific worldview. They also explore the significance of adopting a

reenchanting perspective for debates on major concepts such as nature, naturalism, God, ontology, and disenchantment. Taken together, they demonstrate that there is much to be gained from working with a more substantial and affirmative concept of reenchantment, understood as a fundamental existential orientation towards what is seen as meaningful and of value. The Philosophy of Reenchantment will be of interest to scholars and advanced students in philosophy—especially those working in moral philosophy, metaphysics, philosophy of religion, theology, religious studies, and sociology.

Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling

approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters.
